## Accessing the Service

Log into the service: <https://fax.voxtandem.com> (The username is an authenticated email address and passwords are set up upon first login). Upon FIRST login, you are required to reset the password for security purposes.

## Changing the Password

This service uses an username and password unique to the system.

### Steps to change the password:

- After you are logged into the service, select your name in the upper right hand corner
- From the drop down menu, select "settings"
- Select Password (located at the top)
- Enter in your current password, and create your new password.
- Select Change

## Your Fax Number

Once logged into the portal, your fax number will be listed on the right hand side under "My Fax Numbers"

## How to Send a Fax

Log into your account at <https://fax.voxtandem.com>. This will default you to your "send fax" view.

### Steps to send a fax:

- Enter your 10 digit fax destination number in the box next to the fax icon
- You can also use the contact button to select a recipient from your contact list
- Next, select your file you wish to upload, drag & drop from your computer, or upload a file from a synced cloud storage account
- Click the Send button. You'll receive a pop up confirmation that will show the fax is processing

## **How to View Your History**

- From the main page, locate the left side panel
- Select History
- In the top right, choose All
- Here is where you will find all inbound and outbound faxes
- Click on the three dots to the far right to view/print, download, and look at the info of your faxes (this screen will give information into why a particular fax failed)

## **Need help?**

If you need additional help, feel free to contact your admin team directly, or use the in-app support, located in the bottom right hand corner of the Documo portal.
